

One weekend in August....

The boats illustrated on the upper part and left of this sheet attended the 2011 **Cowes Classic Powerboat Rally** at Gunwharf Quay, Portsmouth and in Cowes, in support of the 51st Cowes-Torquay powerboat race over the August Bank Holiday weekend. Those at the bottom right held a separate **South Hams Fairey Rally** - with other friends based in Dartmouth, and witnessed the Torquay end of the race. As many of the classic offshore powerboats are approaching 50 years old or more, things don't always go to plan, and others, not shown here had also intended to join in. Many of these entrants were actual race boats or are sisters of boats that have raced, and include the Christina **Thunderbolt**, winner of the first race in 1961.

The Cowes-Torquay race itself was won by a Classic - Marcus Hendrick's **Cinzano**, the oldest boat in the fleet!
